

Rodent (Mus Musculus) 2023 Environmental and Housing Summary

Stowers Institute for Medical Research

Debra Dukes, Michael Elmore

Summary:

The purpose of this outline is to offer the minimum standards of Environmental and Housing for rodents based on the Animal Welfare Act, the Public Health Service Policy, and the ILAR Guide for the Care and Use of Laboratory Animals.

This guideline is followed by our trained technical and husbandry teams for the proper care of mouse colonies at the Stowers Institute.
